

BANARAS HINDU UNIVERSITY

Under Graduate — Semester II Examination, 2024-25 (NEP)

Ability Enhancement Course (AEC)**Paper Code: ENGAE-21 : Listening & Speaking Skills**

Time: 1.5 Hours

Maximum Marks: 70

REF NO. CE/Conf./D-II/74

Instructions: Answer all 70 Multiple Choice Questions. Each question carries equal marks (1 mark each).

Question 1. What is the main goal of group discussions in listening exercises? [1]

- (A) To explore varied views through shared listening
- (B) To test writing skills using discussion topics
- (C) To assess pronunciation and fluency
- (D) To promote silence and observation

Question 2. Reflective writing on listening helps students: [1]

- (A) Improve punctuation and formatting
- (B) Practice memorising quotes
- (C) Understand how listening affects outcomes
- (D) Take longer notes during lectures

Question 3. Active listening primarily involves: [1]

- (A) Glancing while multitasking
- (B) Asking frequent off-topic questions
- (C) Paying full attention and seeking to understand
- (D) Memorising every spoken word

Question 4. Listening to diverse accents helps students to: [1]

- (A) Adopt a new accent
- (B) Improve comprehension of varied speech styles
- (C) Write faster transcriptions
- (D) Avoid listening to local speakers

Question 5. In classroom listening, internal distractions may include: [1]

- (A) Noise from outside
- (B) Loud air conditioner
- (C) Personal thoughts and anxieties
- (D) Visual slides

Question 6. What can interfere with effective listening? [1]

- (A) Calm surroundings and interest
- (B) Summarising during pauses
- (C) Respect for differing opinions
- (D) Emotional distractions and noise

Question 7. In classroom listening, external noise may include: [1]

- (A) A student's inner thoughts
- (B) Nearby construction sounds
- (C) Poor handwriting on the board
- (D) Loud font usage in slides

Question 8. Which task requires tracking listening habits? [1]

- (A) Grammar journal keeping
- (B) Maintaining a listening logbook
- (C) Reading newspaper columns
- (D) Daily schedule planning

Question 9. A listening journal is meant to: [1]

- (A) Record thoughts and reflect on listening experiences
- (B) Practice cursive handwriting
- (C) Store lecture outlines
- (D) Track exam marks

Question 10. Daily reflection on listening helps to: [1]

- (A) Increase writing speed
- (B) Develop self-awareness as a listener
- (C) Eliminate the need for note-taking
- (D) Memorize textbook facts

Question 11. One strategy to improve listening in noisy places is: [1]

- (A) Tune out the speaker completely
- (B) Focus only on background music
- (C) Rely on facial cues and summary skills
- (D) Whisper responses back to yourself

Question 12. Which action is not part of active listening? [1]

- (A) Restating the main point
- (B) Asking follow-up questions
- (C) Interrupting to share your opinion
- (D) Showing interest through body language

Question 13. Exploring mediums like film and radio is useful because: [1]

- (A) They simplify complex ideas
- (B) They expose students to varied speech styles
- (C) They require less attention
- (D) They replace reading books

Question 14. What skill is built through story-sharing with peers? [1]

- (A) Empathetic listening with attention
- (B) Memorisation for exams
- (C) Story rewriting techniques
- (D) Visualisation for recall

Question 15. A key challenge in real-time listening is: [1]

- (A) Limited vocabulary
- (B) Keeping pace with spoken words
- (C) Too many written questions
- (D) Short video length

Question 16. In the Medium Exploration task, students: [1]

- (A) Write essays about TV actors
- (B) Record phone calls for grading
- (C) Present insights using creative media

(D) Take notes on textbook margins

Question 17. Why use multiple formats (audio, video, live speeches) in listening practice? [1]

- (A) To confuse the listener
- (B) To cater to diverse learning preferences and styles
- (C) To reduce overall practice time
- (D) To avoid using textbooks

Question 18. In an Empathy Circle, students are expected to practice: [1]

- (A) Active listening and empathetic responses
- (B) Quick thinking under pressure
- (C) Formal debate
- (D) Nonverbal imitation

Question 19. What is the Confidence Circle activity primarily designed to improve? [1]

- (A) Vocabulary retention
- (B) Argument development
- (C) Confidence in speaking and peer support
- (D) Visual aids for speaking

Question 20. What is the goal of the Visualization Exercise in public speaking training? [1]

- (A) Prepare slides for presentation
- (B) Mentally rehearse a confident and successful speech
- (C) Create a speech outline
- (D) Evaluate body language

Question 21. Which of the following best describes the purpose of Listening Drills? [1]

- (A) Expanding vocabulary through repetition
- (B) Practicing pronunciation
- (C) Memorizing content
- (D) Enhancing summarization and inference skills

Question 22. What skill is primarily targeted during Gestural Analysis? [1]

- (A) Sentence structuring

- (B) Understanding nonverbal communication cues
- (C) Vocal projection
- (D) Brainstorming techniques

Question 23. Which classroom activity involves interpreting and providing nonverbal cues through acting? [1]

- (A) Storytelling Workshop
- (B) Confidence Circle
- (C) Gestural Feedback Role-Play
- (D) Listening Drill

Question 24. Why is gestural feedback important in public speaking? [1]

- (A) It helps reduce speech time
- (B) It improves clarity and strengthens communication
- (C) It enhances memorization
- (D) It replaces verbal content entirely

Question 25. What does the Vocal Warm-Up Routine primarily improve? [1]

- (A) Vocabulary building
- (B) Breath control, resonance and articulation
- (C) Topic generation
- (D) Note-taking

Question 26. Which of the following is a key focus in speech practice sessions? [1]

- (A) Facial expressions
- (B) Background music selection
- (C) Slide organization
- (D) Volume, tone and clarity

Question 27. What is the objective of the Storytelling Workshop in this course? [1]

- (A) Improve handwriting and fluency
- (B) Study mythological themes
- (C) Learn to connect with the audience
- (D) Practice stage direction

Question 28. How do interactive speeches aim to engage the audience? [1]

- (A) By avoiding direct interaction
- (B) Through questions, polls or invitations to respond
- (C) By using only visual aids
- (D) Through scripted monologues and performances

Question 29. Which activity directly helps students overcome stage fright? [1]

- (A) Listening drills
- (B) Story analysis
- (C) Confidence Circle
- (D) Grammar worksheets

Question 30. What is a major benefit of using personal anecdotes in a speech? [1]

- (A) Ensures logical structure
- (B) Broadens vocabulary usage
- (C) Relatability with the audience
- (D) Lengthens the speech

Question 31. Which exercise is designed to promote group bonding and encourage self-expression? [1]

- (A) Icebreaker
- (B) Role-play feedback
- (C) Report writing
- (D) Pronunciation test

Question 32. Gestural feedback can include: [1]

- (A) Loud vocal emphasis
- (B) Repeating key ideas
- (C) Facial expressions
- (D) Taking notes silently

Question 33. Active listening includes which of the following? [1]

- (A) Ignoring body language
- (B) Interrupting with opinions
- (C) Memorizing facts and blurting them during the lecture
- (D) Summarizing, empathizing and observing responses

Question 34. What is the benefit of vocal warm-ups before delivering a speech? [1]

- (A) Avoids using a microphone
- (B) Prepares vocal range and projection
- (C) Increases speech duration
- (D) Removes the need for body gestures

Question 35. What is a likely outcome of consistently practising speech delivery? [1]

- (A) Improved vocal control and confidence
- (B) Decreased spontaneity
- (C) Shorter attention spans
- (D) Increased filler word use

Question 36. Interactive elements in speeches are useful because they: [1]

- (A) Allow the speaker to pause
- (B) Focus only on speaker's views
- (C) Eliminate the need for visuals
- (D) Boost audience participation and attentiveness

Question 37. Which of the following is an active articulator? [1]

- (A) Teeth
- (B) Hard palate
- (C) Tongue
- (D) Alveolar ridge

Question 38. The lungs are responsible for: [1]

- (A) Articulation
- (B) Voice modulation
- (C) Providing the air stream
- (D) Resonance

Question 39. The vocal cords are located in the: [1]

- (A) Pharynx
- (B) Nasal cavity
- (C) Larynx

(D) Trachea

Question 40. Which of the following is a passive articulator? [1]

- (A) Lower lip
- (B) Soft palate
- (C) Uvula
- (D) Upper teeth

Question 41. Which organ determines the quality of nasal sounds? [1]

- (A) Tongue
- (B) Uvula
- (C) Epiglottis
- (D) Vocal cords

Question 42. Which of these organs is not directly involved in speech production? [1]

- (A) Tongue
- (B) Lungs
- (C) Liver
- (D) Larynx

Question 43. Which pair of speech organs are used to produce bilabial sounds? [1]

- (A) Tongue and teeth
- (B) Upper and lower lips
- (C) Tongue and alveolar ridge
- (D) Uvula and soft palate

Question 44. The roof of the mouth is made up of the: [1]

- (A) Alveolar ridge
- (B) Soft palate and hard palate
- (C) Uvula
- (D) Nasal cavity

Question 45. The glottis is: [1]

- (A) A speech sound
- (B) The space between the vocal cords

- (C) Another name for the larynx
- (D) A part of the nasal cavity

Question 46. Which of the following organs help in voicing (producing voiced sounds)? [1]

- (A) Nasal cavity
- (B) Vocal cords
- (C) Tongue
- (D) Teeth

Question 47. Phonetics is the study of: [1]

- (A) Word meanings
- (B) Sound patterns in a language
- (C) Sentence structures
- (D) Social use of language

Question 48. Which of the following branches of phonetics deals with the physical properties of speech sounds? [1]

- (A) Auditory phonetics
- (B) Acoustic phonetics
- (C) Articulatory phonetics
- (D) Visual phonetics

Question 49. The International Phonetic Alphabet (IPA) is used to: [1]

- (A) Teach grammar
- (B) Represent speech sounds universally
- (C) Create poetry
- (D) Translate languages

Question 50. How many vowel sounds are there in Received Pronunciation (RP) English? [1]

- (A) 5
- (B) 10
- (C) 20
- (D) 26

Question 51. Which of the following sounds is a voiceless consonant? [1]

- (A) /b/
- (B) /d/
- (C) /s/
- (D) /g/

Question 52. Articulatory phonetics is concerned with: [1]

- (A) How sounds are heard
- (B) How sounds are produced by speech organs
- (C) The history of sounds
- (D) Sound change over time

Question 53. Which of the following is a diphthong? [1]

- (A) /i:/
- (B) /e/
- (C) /a/
- (D) /u/

Question 54. Which sound is a voiced dental fricative? [1]

- (A) //
- (B) //
- (C) /ð/
- (D) /f/

Question 55. The IPA symbol // corresponds to the sound in: [1]

- (A) "Go"
- (B) "She"
- (C) "This"
- (D) "Cat"

Question 56. Which of the following is not a vowel sound? [1]

- (A) /e/
- (B) /i:/
- (C) /z/
- (D) /:/

Question 57. What is the primary purpose of visual aids in a presentation? [1]

- (A) To entertain the audience
- (B) To make the speaker look professional
- (C) To support and enhance understanding of the message
- (D) To reduce the speaker's preparation time

Question 58. Which of the following is an example of a presentation tool? [1]

- (A) Chalkboard
- (B) PowerPoint
- (C) Poster
- (D) All of the above

Question 59. Which visual aid is most effective for displaying numerical data clearly? [1]

- (A) Chart or graph
- (B) Video clip
- (C) Hand-drawn sketch
- (D) Whiteboard

Question 60. When using visual aids a speaker should: [1]

- (A) Read everything written on the slides
- (B) Use lots of bright colors and text
- (C) Keep text minimal and visuals clear
- (D) Avoid rehearsing with the aid

Question 61. A good PowerPoint slide typically includes: [1]

- (A) Paragraphs of text
- (B) One main idea and key points
- (C) No visuals
- (D) Full script of the speech

Question 62. Adapting to different speaking contexts means: [1]

- (A) Using the same speech everywhere
- (B) Changing your accent to match the audience
- (C) Modifying your tone, language and examples based on the audience and occasion

(D) Speaking faster to save time

Question 63. Which factor is most important when addressing a formal audience? [1]

- (A) Wearing casual clothes
- (B) Using slang and humor freely
- (C) Maintaining respectful tone and structured delivery
- (D) Avoiding eye contact

Question 64. How should a speaker adapt when presenting to young children? [1]

- (A) Use complex vocabulary
- (B) Speak in a monotone
- (C) Include stories, visuals and simple language
- (D) Use technical jargon

Question 65. In an online presentation, which of the following is essential? [1]

- (A) Background music
- (B) Strong internet connection and clear visuals
- (C) Fast talking
- (D) Distracting virtual backgrounds

Question 66. What is the role of rehearsal when using visual aids? [1]

- (A) To memorize the slides
- (B) To practice transitions and timing
- (C) To avoid looking at the audience
- (D) To increase nervousness

Question 67. Which element is crucial for effective voice projection in public speaking? [1]

- (A) Speaking very fast
- (B) Diaphragmatic breathing and posture
- (C) Shouting
- (D) Whispering

Question 68. Nonverbal communication includes which of the following elements? [1]

- (A) Word choice
- (B) Grammar and syntax

- (C) Eye contact, posture, and facial expressions
- (D) Font size on slides

Question 69. Which strategy helps in managing public speaking anxiety? [1]

- (A) Avoiding preparation
- (B) Deep breathing and positive visualization
- (C) Avoiding eye contact with the audience
- (D) Reading directly from notes without looking up

Question 70. Feedback received after a speech practice session is primarily intended to:[1]

- (A) Discourage the speaker
- (B) Identify strengths and areas for improvement
- (C) Rate the speaker on a strict numerical scale
- (D) Change the topic of the speech
