- (D) Technological advancements

Question 61. Digital collaboration in academic writing offers: [1]

- (A) Real-time co-authoring and editing
- (B) Less access to sources
- (C) Less feedback
- (D) Isolation

Question 62. A product-oriented approach focuses on: [1]

- (A) Writing process
- (B) Brainstorming
- (C) Final written output
- (D) Peer feedback

Question 63. A process-oriented approach emphasizes: [1]

- (A) Steps like drafting, revising, and feedback
- (B) Final grade only

- (C) Memorization
- (D) Copying

Question 64. Genre-based writing instruction focuses on: [1]

- (A) Grammar only
- (B) Conceptualizing
- (C) Random writing
- (D) Specific text types and conventions

Question 65. The toolkit approach includes: [1]

- (A) Multiple tools and strategies
- (B) Only one method
- (C) No resources
- (D) Only lectures

Question 66. Learners using a toolkit approach: [1]

- (A) Follow one method only
- (B) Combine various writing strategies
- (C) Plagiarise
- (D) Ignore feedback

Question 67. Academic writing helps students to: [1]

- (A) Memorize content
- (B) Avoid analysis
- (C) Develop critical thinking
- (D) Copy information

Question 68. Integrating approaches means: [1]

- (A) Using one method only
- (B) Combining multiple writing methods
- (C) Avoiding strategies
- (D) Ignoring structure

Question 69. Which of the following is a secondary resource for a researcher in commerce? [1]

- (A) Articles on Business case studies

- (B) A live scientific experiment
- (C) Historical documents
- (D) Works of Art

Question 70. Peer review means:

[1]

- (A) Teacher correction
- (B) Self-editing
- (C) Feedback from peers and colleagues
- (D) Literature review search
