

BANARAS HINDU UNIVERSITY

B.Sc. (Hons.) Semester II Examination, 2023-24

Botany**Paper: BOB-203A — Ancillary Botany-I**

Time: Three Hours

Maximum Marks: 70

Instructions: Answer five questions including Question 1 which is compulsory. The figures in the right-hand margin indicate marks.

Question 1. Fill in the blanks or Answer the following in not more than 50 words each:
[10 × 1 = 10]

- (a) What is biomagnification?
- (b) What is the shape of *Bacilli* and *Vibrio* bacteria?
- (c) Write the purpose of 'Liming treatment'.
- (d) What are prokaryotic micro-organisms?
- (e) What is the function of Ligule?
- (f) Mention a typical feature to differentiate the algae from fungi.
- (g) Zygosporangium is formed in which fungus?
- (h) What is the function of elater?
- (i) Greenhouse gases include _____.
- (j) What is idioandrosporous?

Question 2. What is global warming? Discuss the major causes and effects of global warming. [15]

Question 3. Draw the labelled diagrams of any two of the following: [2 × 7.5 = 15]

- (a) T.S. stem of *Selaginella*
- (b) Macandrous and Nannandrous condition
- (c) Thallus structure of *Rhizopus*

Question 4. With the help of suitable diagram, give a brief account of morphology and reproduction in *Marchantia*. [15]

Question 5. Write short notes on any two of the following: [2 × 7.5 = 15]

- (a) Climate change, its effects and mitigation strategy

- (b) Sources and effects of water pollution
- (c) Importance of bacteria in technology and industry

Question 6. Define pollution. What are the different types of pollutants? Discuss the major causes and effects of noise pollution. [15]

Question 7. Write short notes on any two of the following: [2 × 7.5 = 15]

- (a) Asexual reproduction in *Oedogonium*
- (b) Salient features of Chlorophyceae
- (c) Reproduction in *Rhizopus*

Question 8. With the help of suitable diagram, give a brief account of morphology and reproduction in *Selaginella*. [15]

Question 9. Write short notes on any two of the following: [2 × 7.5 = 15]

- (a) Smog
- (b) Acid rain
- (c) Major characteristics of bacteria
