

BANARAS HINDU UNIVERSITY

Under Graduate — Semester II Examination, 2024-25 (NEP)

GEOGRAPHY**Skill Enhancement Course (SEC)****Paper Code: GGRSE-21 : Basics of Remote Sensing**

Time: 2:30 Hours

Maximum Marks: 70

REF NO. CECONF/N/2024-25/024

*Instructions: Answer **five** questions in all including Question No. 1 which is compulsory. Answer each part of Question No. 1 in approximately 200 words and remaining questions in approximately 1000 words. Illustrate your answers with suitable maps and diagrams. All questions carry equal marks (14 marks each).*

Question 1. Write short notes on the following:

[3.5 × 4 = 14]

- (a) Electro-magnetic Radiation.
- (b) Spectral Signature.
- (c) Air borne and Space borne remote sensing.
- (d) Digital Image Processing.

Question 2. Explain the concept and scope of Remote Sensing.

[14]

Question 3. Discuss in detail the spectral bands with suitable examples.

[14]

Question 4. What do you mean by Remote Sensing Satellite Platforms and sensors? Elaborate with suitable examples.

[14]

Question 5. Discuss the types and characteristics of Aerial photos.

[14]

Question 6. Differentiate between Visual and Digital Image Processing techniques.

[14]

Question 7. Discuss and analyze various Remote Sensing applications in Resource Mapping and Environmental Monitoring.

[14]
