

BANARAS HINDU UNIVERSITY

B.Sc. (Hons.) — Semester IV Examination, 2023-24

Paper: GLB-401 — Palaeontology and Stratigraphy

Time: 3 Hours

Maximum Marks: 70

Ref. No.: 074445

*Instructions: Answer **five** questions in all, selecting at least **two** each from Sections A and B, and Section-C which is compulsory. All questions carry equal marks.*

SECTION — A

Question 1. Write an essay on the subdivisions and scope of Paleontology. [14]

Question 2. Describe the morphology of trilobites with the help of neatly labelled diagrams. Comment on their geological history and stratigraphic importance. [14]

Question 3. Write in detail the tectonic subdivision of India with suitable illustrations. [14]

Question 4. Briefly explain the Vindhyan Supergroup of rocks with special emphasis on lithostratigraphic classification, lithology, and economic importance. [14]

SECTION — B

Question 5. Write a brief note on **any two** of the following: [2 × 7 = 14]

- (i) Define index fossil and discuss its significance.
- (ii) Differences between regular and irregular Echinoids.
- (iii) Importance of stratigraphy.

Question 6. Write a brief note on **any two** of the following: [2 × 7 = 14]

- (i) Geological distribution of Graptoloidea (Graptoloids).
- (ii) Order of Superposition in stratigraphy.
- (iii) Physical subdivision of India with a suitable map.

Question 7. Write in detail on the Precambrian geology of the Dharwar craton with special reference to lithostratigraphic classification, lithology, and economic significance. [14]

SECTION — C

Question 8. Answer the following in one to five sentences:

- (i) What are dissepiments? [1]

- (ii) What is a corona? [1]
- (iii) What is a nema? [1]
- (iv) What is a medusa? [1]
- (v) What are living fossils? [1]
- (vi) What are coprolites? [1]
- (vii) What is an unconformity? [2]
- (viii) Write the names of two Eons in the Geological Time Scale. [2]
- (ix) Write the names of two rivers originating from the Himalayas. [2]
- (x) Write the names of two mineral deposits located in the Aravalli Craton. [1]
